

The Primary PE and sport premium

Planning, reporting and evaluating website tool

Updated September 2023

Commissioned by

Department for Education

Created by

This template can be used for multiple purposes:

• It enables schools to effectively plan their use of the Primary PE and sport premium

 It helps schools to meet the requirements (as set out in guidance) to publish information on their Primary PE and sport premium

 It will be an effective document to support Ofsted inspections enabling schools to evidence progress in Physical Education (PE) and evidence swimming attainment, which forms part of the PE National Curriculum. We would recommend schools consider the Intent, Implementation and Impact of any spend, as examined within the Education Inspection Framework.

It is important that your grant is used effectively and based on school need.

Schools must use the funding to make additional and sustainable improvements to the quality of the PE, School Sport and Physical Activity (PESSPA) they offer. This means that you should use

they offer. This means that you should use the Primary PE and sport premium to:

- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- Develop or add to the PESSPA activities that your school already offers.

The Primary PE and sport premium should not be used to fund capital spend projects; the school's core budget should fund these. Further detail on capital expenditure can be found in the updated Primary PE and sport premium guidance.

necessary that spending has to meet all the key priorities, you should select the priorities that you aim to use any funding towards.

Although completing this template is not a requirement for schools, schools are required to publish details of how they spend this funding. Schools must also outline what the impact this funding has had on pupils' PE and sport participation and attainment and how any spending will be sustainable in the future. **All funding must be spent by 31st July 2026.**

The Department for Education has worked closely with the Association for Physical Education (afPE) and the Youth Sport Trust (YST) to develop this template and encourages schools to use it. This template is an effective way of meeting the reporting requirements of the Primary PE and sport premium.

Review of last year's spend and key achievements (2024/2025)

We recommend you start by reflecting on the impact of current provision and reviewing your previous spend.

Activity/Action	Impact	Comments
To improve the health of children in school by encouraging regular exercise alongside the other important aspects of a healthy lifestyle. We will ensure 'active' playtimes so that all children are participating in additional physical activity every week; a rota will be in place so that the coach or lunchtime staff/teacher can hold a session for each class. We will encourage the use of scooters to travel to school to provide up to 30 minutes of activity to and from school.	 engage in regular, high-quality physical activity, including structured, active playtimes led by staff on a rota basis. Improved PE Performance: Pupils show greater stamina and participation in PE lessons, with measurable improvements in PE National Curriculum outcomes (see school 	Long-term Healthy Habits: By embedding active lifestyles into daily routines, children are developing positive habits that support their physical and mental wellbeing from an early age. Sustainable Practice: These initiatives are now a consistent part of school life, supported by staff involvement and integrated into the weekly schedule, ensuring long-term sustainability.

To improve progress and achievement of all pupils

We will focus on upskilling the staff by providing coaches to work alongside staff to use a new assessment tool that tracks pupil progress and allows teachers to identify and target pupil's needs.

- are more confident in delivering high-quality understanding of progression.
- Consistent and Accurate Assessment: The new assessment tool provides clear, ongoing insight into pupil progress, enabling staff to make informed decisions about planning and differentiation.
- Targeted Support for All Learners: Teachers can now quickly identify pupils who need additional support or challenge, leading to more inclusive and personalised PE lessons.
- **Increased Pupil Progress and Achievement:** More pupils are achieving or exceeding agerelated expectations in PE, as shown in school data.
- Better Pupil Engagement: Lessons are more engaging and appropriately pitched, improving pupil participation, motivation, and enjoyment of physical activity.

Scooting to School Initiative — Update and Next Steps:

Improved Staff Confidence and Skill: Teachers Although we were unable to fully implement our scooting linitiative this year due to ongoing playground PE lessons, with better subject knowledge and development, we are now in a strong position to move forward. The playground improvements are complete, and we have purchased secure scooter locks in preparation for launch. A recent parent survey showed a positive response, indicating strong interest and potential uptake. With this groundwork in place, we are ready to roll out the initiative from **September 2025**, encouraging more active travel to school and further supporting our aim of promoting healthy lifestyles.

> Sustainable Practice: The upskilling of staff and effective use of assessment are embedded into regular school practice, ensuring long-term benefits for teaching and learning in PE.

To increase participation in competitive sport

We will ensure that we offer a wide variety of clubs which will give pupils a pathway to going onto to do competitive sport.

We will have a particular focus on getting girls into sports like football.

We will run in-house competitions throughout the year to provide pupils with the opportunity tole celebrate their skills, to learn how to be good sportspeople and see competition as not being about winning but being the celebration of enioving sport.

- of clubs has led to more pupils actively taking part in extracurricular and competitive sport. including those who were previously less engaged.
- Improved Teamwork and Sportsmanship: Inhouse competitions have helped pupils develop teamwork, resilience, and fair play. Pupils are learning to celebrate effort and enjoyment, not just winning.
- Stronger School Community: Competitive sport has fostered a sense of school spirit and belonging, with pupils supporting each other and celebrating shared achievements. Pupils regularly bring in awards for sport that have been achieved outside of school for us to celebrate.
- Skill Development and Confidence: Regular opportunities to compete and perform have self-esteem, helping them to apply these qualities in other areas of school life.
- Sustainable Sporting Culture: By embedding a culture of inclusive, enjoyable competition within the school year, the foundations have been laid for long-term enthusiasm for sport and healthy lifestyles.

Increased Pupil Participation: A wider variety It has been exciting to introduce a range of new and engaging sports this year, including **Boccia**, axe throwing. and archery. These activities have brought a number of valuable benefits to our pupils:

Inclusivity and Accessibility:

Boccia, a fully inclusive sport, has been especially beneficial for pupils with additional needs, helping ensure that leveryone can participate in competitive and skill-based activities.

Development of Focus and Control:

Sports like archery and axe throwing have improved pupils' concentration, patience, and self-discipline. These activities demand precision and focus, helping children to develop control over both body and mind.

Increased Engagement:

The novelty and excitement of trying something new has boosted pupils' physical skills, confidence, and motivated a broader range of pupils to take part in physical activity — including those who may not normally engage in traditional team sports.

Boosting Confidence and Achievement:

Mastering new skills in unfamiliar sports has given pupils a real sense of achievement, boosting self-esteem and encouraging a 'can-do' attitude.

Encouraging Respect and Safety Awareness:

These sports have helped pupils learn and apply important values such as respect, responsibility, and awareness of **safety** — vital life skills they can carry beyond PE lessons.

Key priorities and Planning

This planning template will allow schools to accurately plan their spending.

Action – what are you planning to do	Who does this action impact?	Key indicator to meet	Impacts and how sustainability will be achieved?	Cost linked to the action
To ensure pupils have access to a high quality PE and Sport curriculum. 1. Provide targeted CPD Workshops on KS1 PE fundamentals (e.g., movement skills, dance, gymnastics, games). 2. Modelled lessons and team teaching By the PE lead or external specialist. 3. Create and share progressive PE schemes of work With clear skills progression for KS1. 4. Access to high-quality resources (Lesson plans, equipment, online PE platforms). 5. Staff meeting allocated To discuss challenges, successes, and strategies in PE delivery. 5. Introduce assessment tools (e.g., skills checklists) to help staff measure progress in PE. 6. Provide ongoing coaching And mentoring for new staff or staff less confident in PE. 7. Celebrate success (e.g., staff-led PE showcases, newsletters, assemblies) to build confidence.	of new assessment tool. New Coach (Kamare Henry) who will provide support	Increased confidence, knowledge and skills	competence in planning and delivering KS1 PE lessons.	£10530 on coaches to support the teaching and assessment of PE £5915 budget for high quality resources and maintenance of current equipment

To increase participation in Intra-School Competitions for KS1

1. Establish a Class house System

Use consistent (gemstone) logos, and displays to build identity

2. Plan an Annual Intra-School Competition Calendar

Organise fun, skill-based events like beanbag relays, target throws, or obstacle courses.
Keep them short, active, and accessible.

3. Create a "Challenge Station" Rotation Set up stations during PE or lunch with simple challenges (e.g., hula hooping, balance beam, speed bounce) to encourage participation

4. Include Inclusive Events

Ensure activities are accessible to all, including SEND pupils, with appropriate support/adaptations. Add 'personal best' or 'teamwork' categories.

- **5. Track Participation Data** Record participation by year group, gender, and SEND/disadvantaged pupils to ensure broad involvement
- **6. Celebrate Achievements Publicly**Share results in assemblies, newsletters, and on a PE noticeboard. Give certificates for effort, teamwork, and sportsmanship, not just winning

oversee the running
of competitions/clubs
and make sure they
are open to all.

Kev indicator 5:

participation in

competitive sport

Increased

SLT who will support with this at lunchtimes as part of their duty.

Coach/teachers who will run competitions/clubs

Pupils who will take part in competitions/clubs.

Early Engagement in Sport

Encourages enjoyment of physical activity from a young age, setting positive habits for life

Confidence & Inclusion

All pupils, regardless of ability, feel successful through accessible challenges and a focus on fun

Teamwork & Social Skills

Pupils learn how to work with others, take turns, and celebrate effort — key PSHE skills

Transition Readiness

Builds a foundation for later participation in KS2 interschool competitions

Whole School Identity

Reinforces school values and belonging through a visible house/team structure, even at KS1level.

As listed above £10530 Cost of the coach to run clubs at lunchtime and after school

Key achievements 2025-2026

This template will be completed at the end of the academic year and will showcase the key achievements schools have made with their Primary PE and sport premium spending.

Activity/Action	Impact	Comments

Swimming Data – Not applicable as an Infant & Nursery School

Meeting National Curriculum requirements for swimming and water safety.

Priority should always be given to ensuring that pupils can perform safe self-rescue even if they do not fully meet the first two requirements of the National Curriculum programme of study

Question	Stats:	Further context Relative to local challenges
What percentage of your current Year 6 cohort can swim competently, confidently and proficiently over a distance of at least 25 metres?	%	
What percentage of your current Year 6 cohort can use a range of strokes effectively [for example, front crawl, backstroke, and breaststroke]?	%	
What percentage of your current Year 6 cohort are able to perform safe self-rescue in different water-based situations?	%	
If your schools swimming data is below national expectation, you can choose to use the Primary PE and sport premium to provide additional top-up sessions for those pupils that did not meet National Curriculum requirements after the completion of core lessons. Have you done this?	Yes/No	
Have you provided CPD to improve the knowledge and confidence of staff to be able to teach swimming and water safety?	Yes/No
