Number Challenges

This week...

Go on a number hunt around your home and garden. Make a list of all the numbers you can find! You might be surprised at how many there are!

How many different ways can you make 10?

You can use + and -

Here are 2 examples...

$$5 + 5 = 10$$

$$20 - 10 = 10$$

How many can you think of?

What shape am I?

I have no corners,

I have just one curved side! Make a picture just from circles! Find things to draw around, of all different sizes!

Rhyming word hunt:

Can you find things rhyming with the words below? Maybe you can write all the rhyming things as you hunt. Something that rhymes with:

bug fox rock bear moon

hose car map fan

Can you write a sentence for each word?
